## **Media Release**

### **For Immediate Release**

#### **NSF SUPER ANNOUNCEMENT**

Link Group subsidiary AAS has a new superannuation client - Nationwide Superannuation Fund (NSF Super) based in NSW's Hunter Region.

NSF Super currently has 85,000 members with over \$430 million in funds under management and has been steadily building its national presence for 25 years.

Ian Morante, NSF Super Fund Secretary said "AAS has a clear leadership role in the Superannuation Administration Industry. We are looking forward to the benefits of their resources, scale and expertise as we continue to provide exceptional products and services to our members and employers".

AAS will be taking over the ownership of NSF Super's current Hunter-based Administrator, PSI Superannuation Management Pty Limited (PSI). PSI employs around 35 people in Charlestown under CEO Wayne Lowe. The team at PSI will continue the day to day administration of NSF Super.

Mr Lowe said "With the added support of our new parent AAS, the PSI team is looking forward to continuing to improve on the already high level of quality service that is provided to NSF Super members".

#### **About Link Group**

Link is a leading trusted third-party financial record keeper servicing over 6,300 clients, 30 million shareholders and 4.1 million members. The company is a no. 1 or no. 2 ranked provider in three core businesses: Pension and Superannuation, Share Registry and Investor Relations.

Link are innovators in Pension and Superannuation administration and have introduced streamlined systems for trustees, employers and members, and take a proactive role in helping Australians grow their retirement savings.

Over the past four years Link has successfully completed an investment program of over \$150 million in People, Premises and Technology and has created Link's proprietary, industry leading platform, 'aaspire.' This 'tried and tested' solution currently provides essential applications and infrastructure for the ongoing provision of a superior service to members.

Link is committed to continuous re-investment to ensure its product, infrastructure and service delivery remain market leading.

## About NSF Super

Celebrating 25 years of service in 2012, NSF Super remains committed to its original objectives of establishing and growing a multi-industry superannuation fund that provides quality products and services. As a member-based organisation, NSF Super is not driven to maximise profits for shareholders but to return benefits to members. This is achieved by keeping fees low, providing competitive and value-added product features, and highly-regarded personalised service from its regionally-based head office in the Hunter Region of NSW.
